\* Your County Tax Rate Explained

The generic tax rate decreased to \$7.16 per thousand for 2010. The "COUNTY TAX" line above may show an increase because of a change in your municipality's full value assessment, and multiple lines have been combined this year into the "COUNTY TAX" line. These include state-mandated costs in this table, all of which are not controlled by the County but may have changed since last year. Oswego County has not raised its generic tax rate since 2004.
